### BMO parent meeting 'Behaviour in class'

The Kanjertraining is a program in which the students of OBS De Blauwe Lijn participate. The focus is on trust, safety, peace and mutual respect. In practice, it appears that many children in the higher grades exhibit negative behavior. How does the school deal with this and what can you do at home? On Wednesday 7 March from 9.00 am - 11.00 am we organize an information meeting for the parents of groups 7 and 8. You are welcome to participate!

### Pay parent contribution

Please pay attention to paying the parental contribution. Hereby the request to pay the payment as soon as possible so that we can continue to give shape to the activities of the children. The parental contribution is 50 euros and can be transferred to account number NL64INGB0005819450. Foundation Parents Council De Blauwe Lijn in Amsterdam. You will receive a separate bill for the group 8 multi-day school trip.

Does your child have a City Pass? Then pay the parental contribution with the City Pass. The budget coach (Djemilla Haps) of MaDi Foundation supports you with the application. The budget coach of MaDi will scan the City Pass of your child for the application of the parental contribution. This scan is sent to the municipality. Subsequently, the municipality ensures that the amount for the parental contribution, including the school trip, is deposited on the school's bank account.

### Student council

On Tuesday the 20<sup>th</sup> of February the first student council meeting took place. The students from groups 4 to 8 were chosen by their classmates. The council consists out of: Reginald (5A), Chevainy (5A), Destiny M (6A), Junior (6-7B), Jason R (6-7B), Chamar S (7A), Sendiliëne (7A), Carlysia (8A) en Mehetabel (8B), Mr Stefan (head) and Miss Natascha (notulist).

The council brainstormed about what's good about the school/students: the themes, the teachers, the gym, playing outside, making tests on the computer and the lessons at school.

After this, the student council brainstormed about what could be better at school: treating each other better (eg not bullying), even more creative subjects (BEVO), outdoor play equipment, more activities and trips and laptops for all children. In the next meeting we will discuss what the student council can do to achieve (one of) these points. The meeting takes place once every three weeks. The next meeting is scheduled for March 13, Carlysha is chairman and Chevainy takes notes.
