## DEVICES FOR STUDENTS

We have now spent three hectic weeks looking for solutions to support our students remotely as well as possible. Our teachers are busy in Google Classroom and Google Hang Outs and try to get all students active online. Of course, children must have a laptop or tablet at home to participate in the online curriculum. We made an inventory for which children do not have a device at home, these children can borrow a laptop or tablet from school.

The media talks about families receiving a laptop or tablet as a gift. **This does not apply to the laptops you get from school! In addition, the purpose and condition of a laptop or device from school is that your child makes the course material online, if your child does not do this or if he/she does not have classroom but has a device from school, we want the device back. It is important that the device is used only for educational purposes.**

Do you have a city pass and do you want to make a request to get your own laptop? Then take a look at at: <https://www.amsterdam.nl/werk-inkomen/pak-je-kans/gratis-laptop-of/> Please note: there are conditions attached to this.

The Leergeld foundation also offers support to families with a city pass. Look at: <https://leergeldamsterdam.nl/ik-heb-ondersteuning-nodig/> Please note: the application is currently not made through school but, for example, by a social worker. You can also contact MaDi.

### WHAT DO PARENTS THINK?

During the MR meeting, but also from other parents, we received feedback that parents think the workload of courses for home education is a lot. We fully understand that this is not the ideal situation and that some parents find it more difficult than others.

We do everything we can to minimize the educational disadvantage, but we cannot do this without you! It is important that every child finishes at least the homework for the main subjects as described in the weekly schedule. Try to find a balance yourself to make it feasible for you and your child(ren). Especially if you have several children in different groups.

Our teachers are there for you too! Do you have questions? Uncertainties? Worries? Discuss this with your child's teacher. Please do this between 8:30 and 4:00 h.

### PARENT CONTRIBUTION AND CAMP

Fortunately, more than half of our parents have already paid parental contributions.

At this moment we do not yet know whether the school trip and / or camp will continue. Therefore, the fees for the parental contribution and camp still have to be paid.

If the school trip cannot go ahead, it will be moved to the beginning of the new school year with reservation.

If camp cannot go ahead, we will refund your money.

Please note: We may not return the part that was paid by the Municipality with the city pass!

Part of this income has of course already been used for Christmas, Sinterklaas and class gifts.

Have you not paid the contribution yet? Please do this as soon as possible.

The parent contribution is 50 euros and can be transferred to:

**NL47 INGB 0009 2164 05 Beheer ouderraadsgelden de Blauwe Lijn.**

Don't forget to mention your child's name and group
