## OUTCOME OF MR ELECTIONS

Last week you received a ballot paper, filled it in neatly and submitted it to us, thank you for that. We are pleased with the high response and have already counted the votes! Both candidates were very good and that made the choice very difficult.

Welcome to our new MR candidate Arno Bottse, we are pleased that he wants to contribute to our school policy and look forward to a successful cooperation. Of course we would also like to thank Johan Bosgraaf for his participation in the elections and hope to see him and others again in the future in a new candidacy.

The following parents are currently on the MR:

Liesbeth, mother of John (group 5A) and Julian (group 2A). Email: l.flobbe@syboor.eu  
Julia, mother of La-Vurnie (group 6a)  
Nikita, mother of Zion (grade 5a)  
Arno, father of Ejayh (group 1-2a)

## SINTERKLAAS CELEBRATION

Saint Nicholas is back in the country and that is being celebrated.

This year, the Saint is not from the moon but from Roman times! How cool is that!

The students are already preparing the sprinkles, namely .. baking gingerbread cookies !!! They do this together with the teacher / master and parent council. The students are also allowed to put their shoes up to group 4/5... have they been nice...?

**On December 4, the children be ready in the auditorium to welcome Saint Nicholas between 9 a.m. and 10 a.m.** Then the Saint goes around the classes with presents!

The students from the upper years have drawn lots and will make a nice surprise. After welcoming the Saint, they have their own program in the classroom.

Read poems aloud with tasty gingerbread cookies, speculaas, biscuits and of course unpack the surprises!

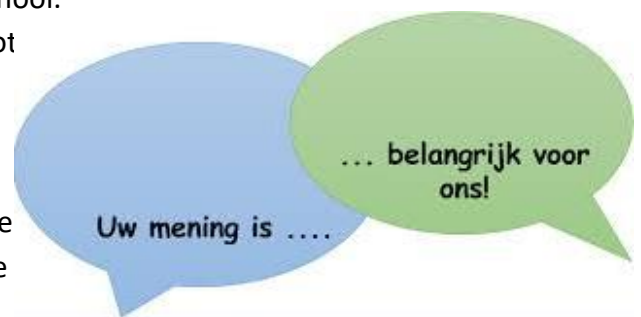

## PARENTAL SATISFACTION SURVEY

Every year you are asked for your opinion about our school. Despite the fact that it has been a crazy year where a lot your opinion is more important than ever before for the development of the Blue Line.

That is why we are conducting another parent satisfaction survey. You can complete the questionnaire in two ways, namely: You will receive the questionnaire on paper with your oldest child.

We would like to ask you to complete this and return it with your child in the enclosed envelope. Or you fill in the questionnaire digitally. See link in the Fiep message.

***Please do this before December 10th? Thank you!***

## LIGHT PARTY

At school we are in full swing with the preparations for the Sinterklaas party and gradually also for the party of lights.

Unfortunately, due to the measures regarding Covid-19, we cannot receive parents at school yet. This means that we will not organize a parent's dinner for the time being. The dinner for the students will continue. The content of the light party dinner is not yet known. Together with the team and the parent council, we are thinking about how we can give shape to the dinner in a responsible manner.

You will receive a message about this later.

## ALLES-APART: THE RIDDLE AND THE NEWSPAPER

For the next two weeks, we will be talking about the theme "the riddle" and "the newspaper article" in Everything-Apart.

We teach the children to solve or make a riddle in various ways. The children also learn how to read a newspaper article, what is the subject and purpose of the article and ultimately the students have to independently create a newspaper article.

The following language goals are offered here; see pictures below:

## VLL CORE 6: STORIES IN YOUR BELLY

The story accompanying this core, "De alfabet", is about a dream of Kim's grandfather. A dream in which letters become words and even whole stories! The children will also invent and tell stories themselves. They learn the meaning of words and phrases such as: "imagine something", "incredible", "the theme" and "reality".

## SSV AMSTERDAM PLUS

The first lessons of SSV + are over and we immediately notice that the students are very happy with the extra attention. They are super enthusiastic and very eager to learn. Of course we also continued with the tutoring. We notice that students who receive extra lessons are much stronger in their shoes. We think it is very important for children to gain more self-confidence, which ultimately also leads to better grades!

## PARENT CONTRIBUTION FOR SINTERKLAAS AND LIGHT PARTY

It is nice to see that the city passes are already coming in. Don't forget to have your child's city pass scanned with us?

**At the moment only 12% have paid a city pass or parental contribution. I would like to ask you to pay a parental contribution as soon as possible, so that we can organize the Sinterklaas and Lichtjesfeest.**

You can also email a photo of the front and back of your child (ren) 's city pass to: [a.elkhayati@deblauwelijn.nl](mailto:a.elkhayati@deblauwelijn.nl). No city pass? **You may transfer the amount of 25 euros to: NL47INGB0009216405 t.n.v. Stichting beheer ouderraadsgelden.**
