Monday 11 Jan.	This week start CITO groups 3- 8

PARENT SATISFACTION

Dear parent and/or guardian,

You have recently received a paper questionnaire with your oldest child.

More than 60 parents responded, thank you for that! Haven't done it yet? We would like to ask you to complete this and return it with your child in the enclosed envelope. You can also complete the questionnaire digitally. See link in a previously sent e-mail.

Your opinion is very important to us! Thank you in advance for your participation.

LICHTJESFEEST

Sinterklaas has barely left our country and the festival of lights (lichtjesfeest) is already upon us. Lights are on and everywhere in the classrooms you can find decorated trees. The School is beautifully decorated and looks warm and cozy.

On **Thursday 17 December**, De Blauwe Lijn will organize a party of lights for all students. For groups 1 to 3 from 17.00-18.15, for groups 4 and 5 from 17.00-18.30 and from group 6 from 17.00-18.45.

However, some adjustments are required due to the guidelines.

For example, no parents are allowed to come to school at Christmas dinner, we keep a distance of one and a half meters when bringing and collecting your child. Only a packaged dessert or starter may be served with your child, such as desserts, drinks, biscuits and other packaged foods.

This year the main course is provided entirely by school. We will miss and probably not be able to match the variety of delicious dishes that you as a parent always provide, we look forward to this again next year!

Of course, Mr. Marc will again provide a beautiful video so that you can taste the party lights atmosphere. We hope you enjoyed the movie during the Sinterklaas party.

ABSENCE

Unfortunately, our students are still regularly late, this is at the expense of their teaching time.

In the new year we will monitor our latecomers more closely!

3x late we have a conversation with pupil / parents and / or guardians and we register the conversation in the child file.

6x late we have a conversation with pupil / parents and / or guardians and we confirm the agreements by means of an absence letter.

9x late we send an absenteeism letter to parents and / or carers and compulsory education receives a notification of the absenteeism (including absenteeism status and effort at school) Compulsory education (leerplicht) is in discussion with the school.

12x late compulsory education receives absenteeism report (including absenteeism state and school effort) and calls pupil / parents and / or guardian for questioning

Compulsory education draws up an official report and sends it to parents and / or guardians and school.

We hope to have informed you sufficiently

BROAD SCHOOL ACTIVITIES

The broad school is canceled for the time being.

You will receive a message as soon as more is known about this. The learning labs are organized by the school and start again after the Christmas holidays. If your child is eligible for this, you will receive a registration form from us. Please note: The registration is not final until you have received a confirmation of your placement.

CLASS TELEPHONE

To keep the lines between our parents and teachers short and to make it as easy as possible for you, our groups have their own mobile phone. Do you have an announcement or question that is really addressed to the teacher? Then you can easily pass this on via WhatsApp. Is your child sick, late or does he have a doctor's appointment? You can also pass this on between 08.00 and 08.30 on the class telephone.

Because the attention for our students is very important, you cannot call your child's teacher during school hours. Would you rather call? Do this between 14:30 and 16:00! The teachers are happy to help you!

An overview with all phone numbers:

SSV AMSTERDAM PLUS

SSV + is a success! We are at school twice a week to support the children and this is going very well. Our website has also been online for a few days. Here you can find everything about us, such as who we are, what kind of lessons we give and what these lessons cost. Feel free to visit our website or to contact us!

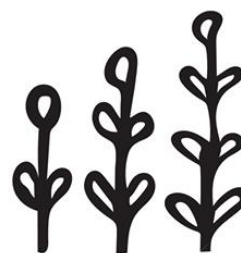

VLL KERN 7: EXCITING

The story at this core is called "On safari". In this story dad tells an exciting story to the twins Diederik and Pieter. The story is about a trip to a safari park that almost went wrong! In the booklet that the students of the Moon approach then read, there is a thief in the pet shop of Diederik and Pieter's uncle. In the reading book that the students read of the sun approach, a snake provides exciting moments.

Words and phrases to which we pay attention include: the fear, the adventure, brave, I get frightened, getting goosebumps and frozen with fright.

We will be administering the Cito keys in January. This also includes tests for reading words, reading text, spelling and vocabulary. Use the Christmas holidays for extra exercise with your child. You can log in to cloudwise to practice on WIG and VLL. No login details? Request this from your child's teacher.

STUDIEBEGELEIDING
SAMEN VOORUIT
AMSTERDAM

ALL-IN-1 GOLDEN AGE WEEK 1: GOLDEN AGE

The 17th century is called the Golden Age, because a lot of money was made in the Netherlands.

Mainly because of the trade.

Everything was transported by ships.

In the west, near the North Sea, there was the most trade.

The wealthy merchants lived close to their trade.

They lived in beautiful houses.

The painters made portraits of the rich merchants.

So there was a lot of art.

All kinds of inventions were also made.

Only BC: Like the clock with the pendulum.

The telescope and microscope were also invented.

With a telescope you can see how big the universe is.

With a microscope you can see bacteria, for example.

PARENT CONTRIBUTION

Meanwhile, the parent council has incurred costs for the Sinterklaas and Christmas party.

It is nice to see that the city passes are already coming in.

Don't forget to have your child's city pass scanned with us

At the moment only 14% have paid with a city pass or normally. I would like to ask you to pay the parental contribution as soon as possible, so that we can continue to organize various activities.

You may also email a photo of the front and back of your child (ren) 's city pass to: a.elkhayati@deblauwelijn.nl.

No city pass? You can transfer 25 euros to:

NL47INGB0009216405 Stichting beheer ouderraadsgelden.

Fijne Feestdagen

en een Gelukkig Nieuwjaar
