## HEALTHY SCHOOL

The Blauwe Lijn follows a "healthy school" policy. This means that our goal is to contribute to a healthy lifestyle for everyone.

We do this by offering as much fruit and exercise as possible at school. At home, we would prefer this healthy lifestyle to be continued. Unfortunately, we still often get lunch boxes at school with white bread, croissants, pancakes, or other unhealthy foods.

This is of course very tasty, but it does not contribute to our policy.

### Our healthy food policy

Drink	Water, tea without sugar or milk
10 h snack	Fruit/ veggies possibly with a whole wheat sandwich
Lunch	Whole wheat sandwich, veggies/fruit
Treat	Veggies or fruit or 1 other treat

If a student regularly brings unhealthy snacks from home, we will send it back home with a note to the parent. The student can get a piece of fruit or bread from the school's 'emergency supply'.

These are the agreements at school, please cooperate.

## FLEXIBLE EDUCATION TIMES

From 1 August 2020, The Blauwe Lijn will be participating in a pilot with the flexible scheduling and organization of teaching time. We may deviate from the normal holidays.

### What does this mean for students/parents of the Blauwe Lijn?

Students are welcome on the Blauwe Lijn for 46 weeks a year. The Blauwe Lijn will be closed for 2 weeks at Christmas, from December 21, 2020 to January 3, 2021 and 4 weeks during the summer holidays, July 19, 2021 to August 13, 2021.

The other breaks may be taken flexibly. It is possible for the students to take a fall / spring / May break at a time or to take a day off from time to time.

### Fall break?

The Blauwe Lijn is open during the fall break. Your child can go to school all week, it is also possible to come to school for 1, 2, 3 or 4 days. We would like to hear from you before October 1st. whether your child will be coming to school during the fall break (and on which days). You can pass this on to the teacher or the children can indicate this in the class on a registration list.

Should you have any questions, please email:  
directie@deblauwelijn.nl

## MR. B PERFORMANCE

**Wednesday 30 September** Mr. B will join us at school for a fun performance.

Mr. B has a new job! He is allowed to keep watch over the precious museum pieces in the Museum of the Forgotten Time. Tonight, is his first evening in the hall with important objects from world history. He gets to guard Columbus's Egg, Odysseus's Wine Jug, Buffalo Bill's Hat, and Thor's Hammer, just to name a few.

Of course, he tries his hardest!

If he discovers that one of the paintings on the wall has become crooked, he naturally tries to solve this immediately. That is the start of a hilarious adventure full of unexpected twists and turns, in which both historical facts and personal memories of Mr. B. intertwine.

A hilarious dive into the past, with lots of crazy moments and music.

In a light and airy way with a lot of humor,

we see Mister B. struggling with time and his own memory.

The performance mixes up all times, both the historical facts

and the personal memories of Mr. B. This produces a hilarious

and at the same time moving picture of a man who has completely lost his way but manages to survive thanks to his ability to improvise.

The performance is in line with the theme of the Children's Book Week October 2020: History.

## CLOSING GROUP 4-8 THEME EUROPE

On Tuesday, October 6, we will conclude the theme of Europe. We do this by means of a European fashion show and Eurovision song festival.

In recent weeks, the students have been practicing hard to shine on stage.

We are very sorry that you cannot be there physically.

Of course, we will be taking a lot of photos and videos, so you can see their wonderful performance.

## CLOSING THEME LOWER GRADES VLOG

The lower grades have also been busy and have been working on their digital development in recent weeks. By means of a toddler vlog you can see what the students have learned. Pupils from groups 1 and 2 have learned to vlog themselves. We will send the vlog via google classroom. When it is not raining, we will be putting a large screen outside so that you can also watch the video there.

## COVID-19 UPDATES

We have been back at school for a few weeks now. We are happy to be able to teach again and see the children again. Unfortunately, as you have probably noticed, we are still dealing with the effects of Covid-19 and the measures that go with it.

This means, among other things, that both pupils and teachers stay at home with a cold and fever. Teachers with complaints are tested and therefore have to stay home sick more often than you are used to. Fortunately, we have almost no teacher drop-out and can still deal with this internally if this does happen.

However, situations may arise where this does not work, and the children of the relevant group must stay at home. We hope for your understanding.

We will of course keep a close eye on developments and remain in close contact with the municipality and the GGD about the measures. If you have any questions about this letter and the corona measures, you can always contact us.

Let's try our best together to keep the Covid-19 infection rates as small as possible. We would like to thank you very much for your cooperation in the past weeks and we hope that we can return to 'normal' education soon.

## PARENT CONTRIBUTION AND CITY PASSES

This school year we will again participate in the pilot "free parental contribution with a city pass"! Does your child have a City pass? Then the parental contribution and school trip with the City pass are free. Our budget consultant Djemilla Haps of the MaDi foundation will be present again from next week on, every Thursday at 13:45! Because parents are not yet allowed to go to school, she will be outside for questions. You can make an appointment with her for things like the sports and culture fund. You can also have the city pass scanned with her or Anissa (office manager). This scan is sent to the municipality. The municipality then ensures that the amount for the parental contribution is deposited into the account of the school.

### **If you do not have a city pass?**

Here is the request to make timely payment so that we can continue to shape the activities for our children. **The contribution for each child is 55 euros and can be transferred to: NL47INGB0009216405 name: Stichting beheer ouderraadsgelden.**

Due to the corona crisis we did not go on a school trip last school year, the parent council will use the paid contribution to organize other activities for the children. The justification of the parental contribution is reflected in the participation council. The parent council will therefore draw up a budget on how they will spend these funds on behalf of the children.

At the moment the parent council is busy with cooking together with the students.
