Monday 21 - Friday 25 Oct.	<b>Fall break!</b>

## PARENT MEETING TRANSFER PO-VO FOR PARENTS FROM GROUP 8.

The switch from primary to secondary school can be an exciting moment. As a parent, you naturally want to be well prepared for this transition to run smoothly.

That is why we are organizing an information evening for group 8 on **Thursday 03 October 2019** from **17.00 to 18.30 h at de Blauwe Lijn.**

During the information evening we will tell you everything there is to know about the procedure in Amsterdam for the transfer to secondary education, this includes information about the final CITO test. In addition, information is also given about your child's school options.

There is enough room to ask questions! Do not miss it!

Snacks and drinks are served!

## OPENING CHILDREN'S BOOK WEEK WITH MR B

Mr. B flies to the moon! Will you fly with?

Ever since he was a child Mr. B has dreamt of a trip to the moon.

He has imagined how that would go well over a hundred times: the countdown, the ascent to space, landing on the moon and then while enjoying a delicious moon banana and an all-inclusive star dust cocktail all alone on the lunar sand beach watching the setting earth! Who would not want that?

One day he sees an advertisement in the newspaper for the "First Holiday Flight to the Moon", he decides to scrape all his savings together and buy a ticket!

That is the start of a hilarious adventure in unknown territory ... Because what can you actually bring to the moon in your suitcase? Would the toilets be neat and tidy? Is sunburn factor 250 enough? What do you get to eat? And ... are you there alone?

Do you want to come watch? It takes place on **Wednesday 02 October** from **09.00 to 10.00 h** in our canteen.

### WEEK OF THE SNACK

As a healthy start to the new school year, the Blauwe Lijn participates in the Snack Week program for groups 5 to 8: five days with videos, assignments and healthy snacks for the entire group.

Pupils experience together how delicious a healthy snack can be! Exercising and relaxing on time are of course also part of a healthy start. For more information, visit:

[www.ikeethetbeter.nl](http://www.ikeethetbeter.nl)

## STUDY TRIP TO VALENCIA

Active Citizenship for students is taking responsibility independently for community interests within and / or outside of school. It is being able and willing to participate in society. Citizenship is about diversity, acceptance and tolerance. It requires reflection on your own actions, a respectful attitude and a contribution to caring for your environment.

At De Blauwe Lijn we pay attention to active citizenship in our education program.

But despite the current offer within citizenship science, there is still much information to be gained.

During the study days for the fall holidays, part of the team will visit a number of schools in Valencia, Spain, to familiarize ourselves with how citizenship is shaped within Spanish education.

We know different cultures within our school. This study trip is a follow-up to our previous visits to England, Ghana and Suriname.

To prepare our students for this future, it is very important for the team to adopt an open attitude and embrace diversity. This open attitude is created by, among other things, experiencing various cultures.

## SCHOOL SOCCER 2019

It is time for school soccer and all signups have already been received. The first tournament will take place on Wednesday, Sept. 25 at 14:30 h until no later than 17:15 h in South East United.

The students gather at school in the room of their team supervisor (a teacher) that day. They get to borrow sportswear from school. They must bring their own socks and shoes. Also give them warm clothing that they can wear over their soccer kit when they walk to the location.

After the tournament, they return the soccer clothing to their team coach. Afterwards, the students can go home themselves or be picked up on location.

Cheer your child on from the sidelines or join as a guide? Pass this on to Mr Fabian or your child's teacher!

## TOP LANGUAGE!

We find language and parent involvement very important and offer our parents the opportunity to develop their Dutch skills. That is why we offer free language lessons twice a week.

The lessons are offered twice a week during school hours for a period of 11 weeks, after which you can possibly extend it by 11 weeks in the next block.

Unfortunately we notice that parents sign up and then do not come, this is a missed opportunity! Do you have issues with the Dutch language, do you have a citizen service number and can you attend classes twice a week during school hours? Then sign up!

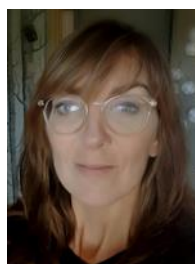

Are you already following an integration course? This is also not a problem! You can safely participate in the lesson program.

Register with Anissa Office Manager of the Blauwe Lijn!

## WILL YOU JOIN US TO THE LIBRARY?

As part of the Children's Book Week, Femke (parent consultant) is organizing an outing to the library for all parents of toddlers and preschoolers on **Tuesday 8 October**.

She will show them the way, tell them how to become a member and tell them everything about choosing books and the way they read to their child.

## BLAUWE BIJTJES

We started a new Theme last Monday: Art "I am an artist".

The toddlers are already creating beautiful works of art with paint and other materials from outside.

On Friday 4 October, Kleintje Kunst will come to our groups and we will enjoy and participate in visual arts.

(Dutch) Poem:

Peuter Penseel,  
Een kwastje aan een steel, schilderde in het geel.  
Iets raars, iets moois,  
Iets van niets en toch zoveel.

Kind regards,  
Teachers of de Blauwe Bij 1 and 2.

## GOING TO THE RIJKSMUSEUM WITH THE PRESCHOOLERS

With the toddlers and preschoolers everything is based around the theme of art. In recent weeks they have been busy making paintings, playing with clay and creating.

**Thursday 10 and Friday 11 October** The preschoolers will be visiting the Rijksmuseum by bus. They will leave around 11.00 and we will be back at school at a quarter to two. Your child is expected at school at half past eight like always.

Curious about the tour? Visit:

<https://www.rijksmuseum.nl/nl/families-onderwijs-of-groepen/primair-onderwijs/help-de-muziek-is-zoek>

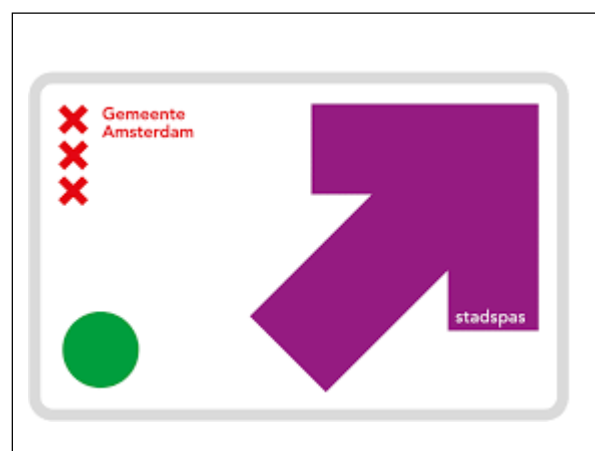

## PARENT CONTRIBUTION AND CITY PASS

This school year we will again participate in the pilot "Parent contribution free with a city pass"! Does your child have a city pass? Then the parental contribution and school trip with the City pass is **free**. Our budget consultant Djamilla Haps from the MaDi foundation will be present again this school year, every **Thursday at 13:45 h!** You can have the city pass scanned at her or at Anissa's (office manager). This scan is sent to the municipality. The municipality then ensures that the amount of money for the parental contribution is deposited into the school's account. Applying for a sports and cultural fund, or do you not yet have a city pass? Ask our budget consultant Djamilla for more information.

### ***You don't have a city pass?***

Hereby the request to make a payment on time so that we can continue to shape the activities for our children. The parental contribution for each child is 50 euros and can be transferred to account number: **NL47INGB0009216405 Stichting beheer ouderraadsgelden.**

Can't pay the amount in one go?

A payment arrangement is possible!  
For more information you can contact Anissa.
